Highways and Infrastructure

Tables and chairs license consultation

A consultation is now live asking for views on charges for the licensing of tables and chairs on the pavement outside of businesses. This currently stands at a flat fee. The [consultation](#) is looking at 'sliding scale' proposals, which would see charges dependent on the number of covers (a cover is usually a single chair). Placing tables and chairs on pavements increases traders' floor space, helps businesses and can significantly enhance public space. However, if not properly placed, the furniture can cause an obstruction for passers-by, including the visually impaired. Please encourage traders and business organisations in your areas to take part in the [consultation](#). Their views are vital in helping ensure we have a workable system in place that suits businesses of all sizes across the county. The consultation runs until Monday 24 February.
