(If guidance is required, please contact Democratic Services in advance of the meeting).

5. **Progress Statement**

This information document contains brief updates on matters arising from the last meeting and statements of progress made on other issues pertinent to West Crawley.

6. **Free Schools**

(a) To receive an introduction to the Free School proposal in West Sussex from Mr. Proudley, Capital Planning Manager at the West Sussex County Council.

(b) To receive a presentation by Mr Snowden regarding Discovery New School, a proposed new Free School based in Broadfield House, Broadfield.

7. **Hyde Drive, Ifield West**

After various accidents on Hyde Drive in Ifield West this year, including a vehicle knocking down a young girl, residents have requested action to be taken to protect local residents. Vehicles regularly travel in excess of 40 mph along Hyde Drive, even though the limit is 30 mph. Issues include school buses pick up and drop off children at the bottom of Hyde Drive by the junction with Rupser Road, which is on a blind bend. Residents are asking what options are available to reduce speed either by the introduction of a safety camera or lane narrowing and whether there is a possibility of a crossing being installed at the top of Hyde Drive, where a new children's play area is being built in 2011.

8. **Crawley Controlled Parking Zone – Proposed amendments to waiting restrictions**

Report by Director of Communities and Infrastructure – attached.

The report proposes amendments to the Controlled Parking Zone (CPZ) to include Oak Road and West Street.

9. **West of Bewbush Development (Kilnwood Vale)**

Report by Director of Communities and Infrastructure – attached

An allocated development site for 2,500 dwellings west of Bewbush (also known as Kilnwood Vale) is to be served by two new accesses onto the A264 and requires improvements or financial contributions to a number of junctions on the local highway network to mitigate the impact of development traffic. The form of access and the type of highway improvements or level of proportional contributions have been agreed with

the developer together with the timescale for delivering the improvements. This report is to advise the CLC of the improvements and contributions secured and to seek its views on the timescale for the proposed secondary traffic signalised junction and crossing and also its preference for the Stage 2 improvement at the A23/A2220 Cheals junction.

10. **'talk with us' - Open Forum**

To invite questions and comments from the public present at the meeting on items other than those on the agenda. The CLC would encourage those with more complex issues to submit their question before the meeting (ideally several days) in order to allow a substantive answer to be given. Contact us on (01243) 752722 or via email: www.talkwithus.westsussex.gov.uk

11. **Date of Next Meeting**

The next meeting of the Committee will take place on 7th April 2011 at Crawley Library, Southgate Avenue.
