

The West Sussex Plan 2017-22

- 1** The West Sussex Plan 2017-22 provides an overarching view of the County Council’s ambitions and political priorities on behalf of our communities. The proposed plan establishes the County Council’s five key outcome priorities and how success will be measured over the period 2017 to 2022.
- 2** It has been refreshed in order to continue to reflect the focus and priorities of the authority for the forthcoming five years. It reflects the policy priorities following the recent County Council elections and is an evolution of the current ‘Future West Sussex Plan’. The West Sussex Plan now covers the period of 2017 to 2022 and has taken into account feedback from previous years on content and design as well as changes to legislation and closer working with partners.
- 3** Through the West Sussex Plan, we will continue to concentrate our efforts on the political priorities for all our communities focused on five key outcome priorities, namely:
 - Best Start in Life
 - A Prosperous Place
 - Strong, Safe and Sustainable Place
 - Independence for Later Life
 - A Council that works for the Community
- 4** The proposed West Sussex Plan will be the subject of a Member Day on 11 October 2017 to give all members the chance to express their views on its contents. It will then be considered by the Performance and Finance Select Committee on the morning of 12 October 2017 prior to endorsement by the Cabinet at its meeting on the afternoon of 12 October. A copy of the proposed West Sussex Plan will then be circulated for consideration by this meeting, together with any comments from the Select Committee or the Cabinet.

Recommended

That the proposed West Sussex Plan 2017-22 be approved.
