

Appendix 9 - Bluebell Railway Feasibility Drawing

Issue 0; Oct 2010 preliminary for information only

Location	ARDINGLY (HANSON AGGREGATE)
Title	Feasibility drawing showing rearrangement of aggregate facilities to enable implementation of future Bluebell Railway operations between Horsted Keynes and Hoywards Heath
Drawing Number	CAL-REL-ARD-001

Scale: - 1:1250 @ A3	Checked: -
Drawn: - C.J.L	Approved: -

- NOTES**
1. This drawing is indicative and is intended to aid discussions towards a final solution.
 2. Minimum curve radius is 200m
 3. The length of headshunt beyond the discharge shed is approx. 200m
 4. Detailed surveys showing bridge abutment positions and distances between, under Station Road and over the stream, will be necessary to determine the available amount of skew angle for the final alignment/s.
 5. The grid shown is on a 100m centre to centre.
