Summary of Decision	<p>The County Council provides mortuary services throughout the county for the bodies of those who die in West Sussex where the death is referred to the Coroner. Current contracts are due to expire on 23 January 2019. This report concerns a proposal to enter into an open procurement process in order to explore long-term solutions for mortuary provision for West Sussex.</p> <p>The current arrangements, whilst adequate, are vulnerable as there is a short notice period under the current contracts and experience has shown that to put in place alternative provision is extremely challenging when the market is very small. It is felt that longer term, more robust provision would minimise the risk to the Council and provide residents with a more efficient service. As the service plans and any budget implications are dependent upon the market response to the formal procurement process it is proposed that a further decision will be required to confirm the preferred procurement solution.</p> <p>Recommendation:</p> <p>1) That the Cabinet Member agrees to the commencement of an open procurement process for contract arrangements to provide future mortuary services and facility provision for Coroner's bodies in West Sussex.</p> <p>2) That a further report is prepared to identify the preferred service proposal once the procurement process has been completed.</p>
