<p>We petition the Secretary of State for Transport, Highways England, Nick Herbert MP, West Sussex County Council, Arun District Council, and the South Downs National Park Authority, to:</p> <p>1. REJECT routes for the Arundel bypass through Binsted village and its countryside [5A].</p> <p>2. RECOMMEND that other options, less damaging to countryside and villages, should be considered, e.g. a shorter bypass [3,1]</p> <p>Reasons: The historic village of Binsted is set in wooded countryside in the parish of Walberton, West Sussex. Partly within the National Park, it is a haven for wildlife, with an active community and rural businesses. Many visitors value Binsted for quiet recreation. The Binsted option would sever Binsted's community, and destroy its beauty and tranquillity. It would also damage the historic village and landscape of Tortington near Arundel.</p>	<p>1,493 verified (2,152 submitted)</p>	<p>18 September 2017</p>	<p>18 September 2017</p>	<p>Debated at <a href="#">Environmental and Community Services Select Committee</a> (the committee title has subsequently changed to the Environment and Fire Service Select Committee) on 28 September 2017.
