5			CRAWLEY The Duty Officer at Region made enquiries as to why our 2010-10/9/44 was the first intimation that the water, electricity & gas services had been damaged. He stated that he had been informed by the Regional Gas Adviser that Crawley was entirely without gas for 14 hours and that had Region been informed sooner, restoration of the service might have been effected more quickly. Promised to make enquiries and rang Horsham Sub control accordingly, who said they would let us have full report.
