In the document, the text is written in a language that appears to be a mix of Greek and Latin, with some characters not clearly identifiable. The document contains a number of sentences and paragraphs, but due to the language and handwriting, a precise transcription is not possible. The content seems to be historical or legal in nature, possibly relating to a document or record from the West Sussex Record Office.

The document is written in a script that is difficult to read without expertise in the language. It contains references to dates and possibly names or places, which might be relevant for historical research.

Without clearer handwriting or a more specialized translation, it is challenging to provide a meaningful interpretation of the text.

MESSAGE FROM GENERAL OFFICER COMMANDING RESERVE ARMY.

With the capture of COURCELLES, STAFF REDOUTE, and the SCHWAREN REDOUTE, the Reserve Army has at last gained complete possession of the FOZERVES Ridge and the high ground which dominates the ASCRUE Valley from the South.

For three months every trench and every foot of ground has been stubbornly defended by the enemy, but the gallantry and perseverance of our troops has overcome every difficulty. Great sacrifices have been necessary, and much hardship has been undergone. We have won our way by sheer hard fighting from LA BOISSELLE through FOZERVES and CAILLERS, MOUQUET Farm and the LIERZIG Salient, until COURCELLES and THIERSVAL are in our hands and the enemy has been driven from his last strongholds. At every step our troops have clearly shown their superiority to the Germans as fighting men, and they have now gained a moral ascendancy which will be of incalculable value in the future.

This is a record of which we should all be very proud, and the Commander of the Reserve Army wishes to thank every unit which has taken part in the operations for its share in the final success.

(Signed) R. MALCOLM, Major-General, General Staff.
