

Wartime West Sussex 1939 – 1945  
INVASION

**Official notice - what to do in case of invasion**

Published in local newspapers, July 6<sup>th</sup> 1940

**What do  
I do...**

**if I hear news  
that Germans are  
trying to land,  
or have landed?**

I remember that this is the moment to act like a soldier. I do *not* get panicky. I *stay put*. I say to myself: Our chaps will deal with them. I do *not* say: "I must get out of here." I remember that fighting men must have clear roads. I do *not* go on to the road on bicycle, in car or on foot. Whether I am at work or at home, I just *stay put*.

**Cut this out—and keep it!**
