# Angmering People Who Lost Their Lives in World War One

By Roger Miles

## Introduction

. . . the brave men, women and boys of Angmering commemorated on our village war memorial illustrate the outstanding bravery and sacrifice of those who answered their country's call. Many others from our community returned home grievously maimed and disabled. In this timeline presentation we unveil a little of their backgrounds, when and where they died and exposing ordinary villagers just like ourselves. . .

This document is presented as a timeline record of events with references to Angmering people highlighted in **RED**. Each Angmering entry provides a cameo pen-picture of a courageous member of the community who selflessly lost their life.

You may be reading this having seen the village flag being flown at half-mast. Now your curiosity can be satisfied knowing who is being commemorated today on the centenary of their death. Thankfully on most days the flag will be at the top of the flagpole but it can never diminish the colossal impact the loss of over forty young lives had at that time on such a tiny community.

We can never celebrate war but can honour these sacrificed lives . . . a boy of fifteen, butchers, career soldiers, horticultural and farm workers, delivery drivers, and a nurse . . . we will remember them!

## WORLD WAR ONE - a timeline

# 1914

June 28 <sup>th</sup>	Archduke Franz Ferdinand, heir to the Austro-Hungarian Empire, assassinated in Sarajevo, Serbia
