BILLETS WANTED.—We have received the following letter : Sir, —In connection with the aviation works at Middleton an urgent necessity has arisen for securing at once small furnished houses, or parts of same, at reasonable rents for the many workers who have recently come into the District and who are desirous of bringing down their families. In the great national interests which are involved in the rapid construction of aeroplanes, it is a necessity that the men who are engaged in producing these machines should be working under the best conditions, that their minds should have contentment, and be free from any anxiety which would naturally affect them when separated from their families. May I hope therefore offers for the accommodation needed will be at once forthcoming and which should be sent to Mr. Tillot Barlow, Billeting Officer, Arcade Chambers, Bognor.—Yours faithfully,  
HARRIS H. GIBBS, Chairman of Billeting Committee.
