AT THE TICKET BARRIER

THE NEW LADY COLLECTORS

NOW ON DUTY AT THE RAILWAY STATION.

[From a "Gazette" photo]

REFERENCE was made in our last issue to the fact that the lady Ticket Collector had made her appearance at Worthing, and we are this week enabled to reproduce a snapshot of the two new female officials of this grade of the service on duty at the Railway Station.

In their neat blue serge uniforms and peaked caps they present a very smart appearance, and considering the comparatively short training they have had, they are proving themselves admirably adapted for the work that is being entrusted to them.
