## Is it really true . .

“That if I am, for instance, a good shorthand typist, the A.T.S. will give me a job where I can use and improve my speeds?”

“Is it a fact that if I enjoy cooking I shall have the chance to learn real catering?”

“Is it true there are jobs specially suitable for trained saleswomen?”

“Do the A.T.S. really need qualified scientists?”

“Is it true that a copy typist with a ‘good touch’ can qualify for an interesting, confidential job with very good pay?”

“Is it true that any level-headed girl who is reliable and accurate and has good eyesight, can train for Radiolocation?”

“... And that the A.T.S. offer jobs in the most interesting side of Radiolocation work?”

Yes, all this is true and more besides. *In fact, if you will picture to yourself now, the war job you would enjoy, you will be almost certain to find that job waiting for you in the A.T.S.* Have you really thought what you want to do? Have you tried to find out what opportunities the A.T.S. offer? Have you questioned anyone who can give you reliable information? The A.T.S. will send you full, illustrated particulars that should answer all your questions. And if you have any very private questions, these will be helpfully answered at any local Employment Exchange or A.T.S. or Army Recruiting Centre. No one will try to over-persuade you. It is in your interest to find out what life is like in the A.T.S. You may be missing the opportunity of your life.

**Post this coupon to the A.T.S.**
