

Schooling: Activity 3 - Videos

TEACHERS' NOTES

This activity contains a selection of videos of children from Singleton C.E. Primary School taking part in a "Victorian" lesson in the West Wittering Schoolroom at the Weald and Downland Open Air museum. These videos can be used with Activity 2 or on their own to illustrate different aspects of Victorian education.

To save time in the classroom, it is recommended to save video files to your computer (right-click, then "save target as") for faster playback during the lesson.
